INTRODUCTION

GENERAL INFORMATION

Under the authority of the Queen's Printer, the Superintendent of Publications, Department of Public Printing and Stationery, Ottawa, Ontario, has charge, by law, of the sale of all official publications of the Parliament and the Government of Canada which are issued for sale, as well as of the distribution of all public documents and papers to officials and other persons who are entitled to receive the same without payment.

DISTRIBUTION OF PUBLICATIONS

HOW TO ORDER PUBLICATIONS

Remittances

It is required by law that remittance be made in advance of shipment of publications.

Cheque or money orders should be made payable to the Receiver General of Canada. Postage stamps are not acceptable.

Discounts

A discount of 25 per cent is allowed to book dealers and quantity purchasers on condition that the prices set by the Superintendent of Publications for the sale of the publications shall not be exceeded and that publications shall not be overprinted with any advertising matter.

Deposit Accounts

To avoid waiting for quotations and sending individual remittances, those who expect to purchase Canadian Government publications regularly may open a deposit account with the Superintendent of Publications. The minimum deposit is ten dollars (\$10.00). A deposit account number is assigned to the customer which he will quote when ordering publications. All orders are charged to the account and regular statements forwarded.

Postage Charges

No extra charge is made for postage on documents forwarded to points in Canada and the United States. To cover cost of postage, 30 per cent is added to the selling price when publications are to be mailed to other countries.

FREE DISTRIBUTION

To Depository Libraries

The Queen's Printer is required by law to furnish free of charge one copy of any government publication, not of a confidential nature, to designated classes of libraries in Canada, for preservation and educational purposes, so that all the public may have access to all government publications.

Libraries are expected to accept, shelve and preserve, classify and catalogue, all government publications sent to them, and to assume full responsibility as designated depository libraries. **Full-depository libraries** are entitled to receive one copy of every publication of the Parliament or Government of Canada which is made available to the Superintendent of Publications for distribution. **Selective-depository libraries** are entitled to select any series of government publications they are able to adequately place at the disposal of the public. The Daily Checklist incorporates the functions of a Depository Invoice for full-depository libraries and of an Order Form for selective-depository libraries. In order to receive their selection, selective-depository libraries must make application within ten days after receiving the issues of the Daily Checklist in which the desired items appeared.

To the General Public

Free publications are obtainable from the Department or Agency issuing the publication.

CATALOGUE SERVICES

DAILY CHECKLIST

The **Daily Checklist**, published mainly for administrative convenience, is issued Monday through Friday except public holidays. It records all government publications so that they are readily accessible to the Public Service and the general public and quickly made known to libraries. Produced in loose-leaf form, the Daily Checklist is mailed to all who need to have day-to-day information on what is being published by Parliament and the Government of Canada, with the exception of the statutory orders and regulations which are listed in Canada Gazette, Part II, under title "Statutory Orders and Regulations". The material which appears in the Daily Checklist is used to compile a monthly catalogue. All those who are authorized by law or regulation to receive free copies of government publications receive the Daily Checklist automatically and without charge.

MONTHLY CATALOGUE

The **Monthly Catalogue of Government Publications** is a comprehensive listing of all official publications, public documents and papers, not of a confidential nature, printed or "processed" at government expense by authority of Parliament or that of a Department, Commission, Board, Corporation, etc., of the Government, including publications bought at public expense for use of,

or distribution to, Members of Parliament, public officials or the public. Each issue of the Monthly Catalogue contains all items listed in the Daily Checklists during the previous month and is ready for distribution during the second week of the following month.

Prices and distribution policy are stated for each title listed for the guidance of prospective buyers, librarians and the interested public.

ANNUAL CONSOLIDATED CATALOGUE, 1953

The **Canadian Government Publications Consolidated Annual Catalogue, 1953**, supersedes the Annual Catalogue of 1948 and supplements to 1952 and incorporates all the entries from the Monthly Catalogue of Canadian Government Publications, January to September, 1953 inclusive.

An attempt has been made to include all federal publications in print as of September, 1953. The Consolidated Catalogue records free as well as priced publications, whether distributed by the Queen's Printer or by the various issuing agencies.

ANNUAL CATALOGUES

The **Annual Catalogue, 1954**, is a supplement to the Consolidated Annual Catalogue 1953 and lists all federal publications received and noted by the Publications Branch from October, 1953 to December, 1954 inclusive.

The **Annual Catalogues of Canadian Government Publications for 1955 and 1956** are consolidated lists of the publications issued during those years. They cumulate the issues of the Monthly Catalogue of Canadian Government Publications, from January to November together with the publications noted in the Daily Checklist during the month of December.

SECTIONAL CATALOGUES

The sectional catalogue series will provide, when completed, a comprehensive record of all publications available for purchase, arranged according to Government Departments and including a selection of important related publications issued by Parliament and other departments and agencies of the Government of Canada. The Sectional Catalogues will provide a subject approach to the many thousands of publications which form the sales stock of the Queen's Printer.

In print: **Labour Publications**, November 1955; **Northern Affairs and National Resources**, June 1956.

SELECTED TITLES BULLETINS

Published periodically, they contain short notes on current government publications. The contents of each book are briefly and vividly described and an order form accompanies each bulletin. Anyone who is interested may receive these bulletins simply by sending a postcard to the Queen's Printer asking to be placed on the Selected Titles mailing list. Also available in French Free.

HOW TO ORDER

Publications listed in this catalogue and accompanied by a price may be purchased from the Queen's Printer, Ottawa.

It is required by law that remittance be made in advance of shipment of publications.

PROSPECTING FOR URANIUM IN CANADA

With the advent of use of atomic energy in the modern world, the location of uranium ores has become highly important. This handbook is an excellent guide for those who are prospecting for this precious substance. It contains information on regions favourable for prospecting; the nature and distribution of Canadian radioactive mineral deposits; devices and methods of detection; tests for uranium; the use of the Geiger counter; sampling and evaluation of uranium discoveries and many other matters.

An introductory section on general information necessary for the prospector will be very helpful for beginners in the field. 167 pp.

Vol. 2: **The Canadians in Italy, 1943-1945**, by Lieutenant-Colonel G. W. L. Nicholson. Ottawa, 1956. 807p. Illus., maps. 25cm. Cloth bound.

This is the second volume of the Official History of the Canadian Army in the Second World War. It describes in some detail the Canadian Army's part in the Italian campaign—the operations which began with the Allied invasion of Sicily in July 1943 and developing into an arduous advance up the Italian peninsula, ended with the German capitulation in May, 1945. In this campaign, soldiers from Canada fought a series of hard and bloody battles over some of the most historic ground in Europe. This account of it is more exhaustive, and based upon more complete investigation, than that included in the preliminary Official Historical Summary, "The Canadian Army 1939-1945" which was published in May, 1948. Illustrated with frontispiece in full colour, 52 photographs in black and white, 14 sketches in black and white and 25 maps in colour.

INTRODUCTION

Sous la direction de l'Imprimeur de la Reine, le Surintendant des publications, département des Impressions et de la Papeterie publiques, à Ottawa, est chargé, en vertu de la loi, de la vente de toutes les publications officielles du parlement et du gouvernement du Canada, qui sont offertes en vente, ainsi que de la distribution de tous les documents et pièces publics aux fonctionnaires et autres personnes qui y ont droit à titre gratuit. On s'efforce en général d'assurer une large diffusion des publications de l'État en les vendant à des prix attrayants et en démontrant leur grande utilité par la réclame publicitaire.

RENSEIGNEMENTS D'ORDRE GÉNÉRAL

COMMENT ACHETER LES PUBLICATIONS

Remise

Chaque commande doit être payée d'avance. Les mandats de poste, les mandats de messageries ou les chèques visés doivent être faits payables à l'ordre du Receveur général du Canada et adressés à l'Imprimeur de la Reine à Ottawa. Les timbres-postes ne sont pas acceptés en paiement des publications.

Rabais

Un rabais de 25 p. 100 est accordé aux libraires ainsi qu'à ceux qui placent d'importantes commandes, à la condition, toutefois, que le prix de vente ne soit pas majoré et qu'aucune réclame publicitaire ne soit imprimée sur la publication.

Comptes de dépôt

Les personnes qui prévoient acheter régulièrement des publications de l'État peuvent ouvrir un compte de dépôt auprès du Surintendant des publications. On évite ainsi les envois répétés de sommes minimales, ainsi que les demandes de renseignements au sujet des prix. Le dépôt minimum est de dix dollars (\$10). On assigne au client un numéro d'ordre qu'il doit citer en plaçant ses commandes. Toutes les commandes sont imputées sur ce compte et des relevés sont envoyés régulièrement.

Frais de poste

L'expédition postale pour colis à destination du Canada ou des États-Unis ne comporte aucuns frais supplémentaires; pour tous les autres pays, 30 % pour les frais de port doit être ajouté au prix de vente.

DISTRIBUTION GRATUITE

Aux bibliothèques dépositaires

Les bibliothèques constituent le moyen le plus économique et le plus efficace pour diffuser adéquatement les publications de l'État à travers tout le pays. L'Imprimeur de la Reine est tenu en vertu de la loi, de fournir gratuitement un exemplaire de toutes les publications de l'État, qui ne sont pas d'ordre confidentiel, aux catégories désignées de bibliothèques canadiennes, à des fins éducatives, pour que la population ait accès à toutes les publications officielles.

Le Surintendant des Publications a classé les bibliothèques dépositaires en deux groupes: le premier (classe 1) comprenant les **bibliothèques dépositaires totales**, et le second (classe 2) comprenant les **bibliothèques dépositaires partielles**. La Liste Quotidienne est publiée pour leur faciliter l'exercice de leur privilège. Le Surintendant des Publications publiera plus tard des listes classifiées dans le but d'aider davantage ces bibliothèques dans le choix des titres disponibles.

Les bibliothèques dépositaires qui reçoivent gratuitement les publications du gouvernement, doivent les mettre sur leurs rayons, les cataloguer et les classer, et assumer leur rôle en tant que dépositaires. Les **bibliothèques dépositaires totales** reçoivent toute publication du Parlement ou du Gouvernement canadien dont le Surintendant des Publications possède des exemplaires pour cette fin. Les **bibliothèques dépositaires partielles** sont autorisées à recevoir les titres ou séries de leur choix, en autant qu'elles peuvent les mettre à la disposition du public. La Liste Quotidienne sert à la fois de formule d'expédition ou de formule de commande pour les bibliothèques dépositaires totales ou partielles respectivement. Les bibliothèques doivent commander les items de leur choix dans les dix jours qui suivent la réception de leur Liste Quotidienne.

Aux particuliers

Les publications gratuites peuvent être obtenues directement des ministères ou organismes qui sont responsables de ces mêmes publications.

CATALOGUES DES PUBLICATIONS

LISTE QUOTIDIENNE

La **Liste Quotidienne**, publiée pour fins administratives, ne paraît pas le samedi, le dimanche et les jours de congé public. Son but est de renseigner quotidiennement les membres du Parlement et les fonctionnaires du gouvernement, ainsi que les bibliothèques du pays et autres personnes intéressées, sur les publications

fédérales au fur et à mesure de leur parution ou de leur mise en circulation. Publiée sur feuilles mobiles pour être conservées dans un auto-relieur, si désiré, la Liste Quotidienne est adressée automatiquement et sans frais à toutes les personnes ou institutions autorisées à recevoir gratuitement les publications officielles. Les items paraissant dans la Liste Quotidienne servent à la compilation du catalogue mensuel. Les décrets et ordonnances statutaires qui paraissent régulièrement dans la partie II de la Gazette du Canada ne sont pas mentionnés dans la Liste Quotidienne.

CATALOGUE MENSUEL

Le **Catalogue Mensuel** donne la liste aussi complète que possible des publications officielles et documents non confidentiels imprimés ou "polycopiés" aux frais du gouvernement et en vertu de l'autorité du Parlement ou d'un ministère, bureau, d'une commission ou agence quelconque du gouvernement, y compris les ouvrages achetés aux frais du public pour distribution aux membres du Parlement ou au public. Chaque numéro du Catalogue Mensuel contient tous les items parus dans les listes préliminaires quotidiennes du mois précédent et paraît la deuxième semaine du mois courant.

Les prix, de même que la méthode de distribution, sont indiqués pour chaque item, dans le but de renseigner les clients, les bibliothécaires et tout groupement ou association intéressés.

CATALOGUE GÉNÉRAL, 1953

Le **Catalogue Général des publications du gouvernement canadien, 1953**, remplace le catalogue annuel de 1948, ainsi que les suppléments publiés jusqu'à date. On y trouve tous les renseignements que renferme le catalogue mensuel des publications du gouvernement canadien, de janvier à décembre 1953, inclusivement.

Dans la mesure du possible, le Catalogue Général comprend toutes les publications, en vente chez l'imprimeur de la Reine ou, disponibles dans les divers organismes de l'État, le 1^{er} janvier 1954.

CATALOGUES ANNUELS

Les **Catalogues annuels 1954, 1955 et 1956** sont la compilation des Catalogues mensuels des publications du gouvernement canadien, et des publications parues dans les Listes quotidiennes publiées au cours des mois de décembre de ces années.

GUIDE DE L'ACHETEUR

On peut se procurer toute publication inscrite au catalogue et accompagnée d'un prix et s'adressant à l'Imprimeur de la Reine, Ottawa.

Toute commande est payable à l'avance et l'expédition des volumes ne se fait que sur réception de la remise exigible.

Pour éviter les paiements répétés de sommes minimales avec chaque achat de publications du gouvernement canadien, des personnes qui prévoient acheter régulièrement des publications officielles peuvent établir un Compte de Dépôt chez l'Imprimeur de la Reine.

Des dépôts de dix (\$10.00) dollars ou plus sont acceptés auxquels le prix des publications commandées est imputé. Des relevés de compte sont ensuite expédiés régulièrement aux clients. Le solde est remboursable sur demande.

Les remises se font par mandats-poste ou chèques visés, payables au Receveur général du Canada. Les timbres-poste ne sont pas acceptés.

L'expédition postale pour colis à destination du Canada ou des États-Unis ne comporte aucuns frais supplémentaires; pour tous les autres pays, 30% pour les frais de port doit être ajouté au prix de vente.

Tous les prix sont sujets à changement sans avis préalable.

DISTRIBUTION GRATUITE

Les personnes et les institutions qui, en vertu du règlement du Trésor du 31 mars 1955 (T.B. 477983), sont autorisées à demander un exemplaire gratuit de chaque publication, doivent se servir de la Liste quotidienne publiée par l'Imprimeur de la Reine. Toutes les commandes faites par lettres ou sur une autre forme que par la Liste quotidienne doivent être accompagnées de la remise nécessaire.

- † Distribution générale par l'auteur de la publication.

BILLS

Sénat et Chambre des Communes

Avant de devenir loi, les projets de loi ou bills sont étudiés par les deux Chambres du Parlement canadien. Ils doivent y franchir les étapes suivantes: avis de motion, première, deuxième, troisième lecture et adoption dans l'une des deux Chambres, puis, de nouveau trois lectures et adoption dans l'autre Chambre, et enfin sanction royale. Publiés une fois pour la première lecture, les bills seront réimprimés lors de leur adoption. Les commentaires et les notes explicatives jugés nécessaires sont imprimés sur la page opposée au texte du projet, ce qui permet d'en saisir rapidement le sens.

Ces deux éditions des bills sont offertes en vente à tous ceux qui veulent suivre au jour le jour l'évolution de la législation canadienne. Un abonnement à ce service est donc un excellent moyen de recevoir une documentation officielle de premier ordre, non seulement sur les nouvelles lois mais aussi sur les amendements aux lois existantes qu'elles soient publiques, locales ou privées.

Prix: \$10 par session.

B I L L S

Sénat et Chambre des Communes

Avant de devenir loi, les projets de loi ou bills sont étudiés par les deux Chambres du Parlement canadien. Ils doivent y franchir les étapes suivantes: avis de motion, première, deuxième, troisième lecture et adoption dans l'une des deux Chambres, puis, de nouveau trois lectures et adoption dans l'autre Chambre, et enfin sanction royale. Publiés une fois pour la première lecture, les bills seront réimprimés lors de leur adoption. Les commentaires et les notes explicatives jugés nécessaires sont imprimés sur la page opposée au texte du projet, ce qui permet d'en saisir rapidement le sens.

Ces deux éditions des bills sont offertes en vente à tous ceux qui veulent suivre au jour le jour l'évolution de la législation canadienne. Un abonnement à ce service est donc un excellent moyen de recevoir une documentation officielle de premier ordre, non seulement sur les nouvelles lois mais aussi sur les amendements aux lois existantes qu'elles soient publiques, locales ou privées.

Prix: \$10 par session.
